Director

Class of 1995:

I greeted you on your first day by saying ,"this is your year." You have made use of every minute and second of the year to absorb all the new information and skills your instructors have presented. You have grown in many ways. You have worked very hard to accomplish your goal. You should be very proud of your accomplishments.

You will soon be starting on another exciting new journey, as a professional in your chosen field. Your journey will take many turns and side routes, many peaks and valleys. Greet every new day as a new adventure with much to discover and learn. With learning come new experiences, new dreams and new windows of opportunity throughout your lifetime.

Congratulations to you for accomplishing your goal. Congratulations and thanks to your families and friends who supported you through your adventure here at Southeastern.

SUPERINTENDENT

My congratulations to each member of the Class of 1995 on your graduation from the Southeastern Technical Institute.

You should be proud of what you have accomplished. It is not an easy task to balance family responsibilities, compete academically in a difficult vocational program, meet all appropriate deadlines and family finacial responsibilities.

I congratulate you and wish you every success and good health in the years ahead.

Helping has a meaning to me and others, too,
beyond the joy of giving
a meaning deep and true.
Thanks to Mom, and especially John.

It's better to be stupid and ask questions than to act smart and be stupid.

So, what you're saying is...

Right! Right!

It's Friday, TGIF.

Ya know!

Wait! I have a question. D.B.

It's shake n' bake, and I helped.
